Press Release

Back Cove Yachts: *Downeast 37*

Rockland, ME. December 14, 2012: Back Cove Yachts, based in Rockland, Maine, is pleased to announce their latest design, the Back Cove *Downeast 37* which will debut in July 2013. The companies' new tagline "Practical Elegance, From Maine" defines Back Cove *Downeast 37* well. It is practical, elegant and perfectly suited for a day trip along the coast.

Kevin Burns, Vice President of Design and Product Development says, "*This is an opportunity for us to take all of our thoughts and ideas about what makes day boats such great platforms, and grow those ideas to a scale which allows the proportions to be elegant and balanced.*"

The Design Team at Back Cove Yachts designed the *Downeast 37* was with today's boating lifestyle in mind. "*The ideas that drive the Downeast 37 design are very simple: Stop-you-in-your-tracks prettiness and the biggest, most flexible exterior spaces available on a boat this size – period.*" says Burns.

Owners will appreciate the open cockpit with a SureShade cockpit cover; perfect for an afternoon cruise. They kept the hull of the successful Back Cove 37 but completely redesigned the deck and interior. In the engine room, you'll find a Cummins 480 which will provide a cruise speed of 20 knots and top speed of 25 knots.
